DelForce Residual Insecticide – February 2009

DelForce® is a registered trademark of **Sherwood Chemicals Public Company limited**

(SEE INSIDE FOR DIRECTIONS FOR USE)

PROTECTION OF WILDLIFE, FISH CRUSTACEANS AND ENVIRONMENT

Dangerous to fish. DO NOT contaminate streams, rivers or waterways with the product or used container.

STORAGE AND DISPOSAL

Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Do not contaminate seed, feed or foodstuff.

Rinse containers before disposal. Add rinsings to spray tank.

Dispose of at a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS

Harmful if swallowed. Will irritate the eyes and skin. Facial skin contact may cause temporary facial numbness. Avoid contact with eyes and skin. When opening the container, preparing spray and using the prepared spray wear cotton overalls buttoned to the neck and wrist, washable hat, elbow length PVC gloves and face shield. If product on skin, immediately wash area with soap and water. After use and before eating drinking and smoking, wash hands, arms and face thoroughly with soap and water. After each days use, wash gloves, face shield and contaminated clothing.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (PHONE: 131126).

MATERIAL SAFETY DATA SHEET

For additional information refer to the Material Safety Data Sheet (MSDS) which is available from the supplier.

CONDITIONS OF SALE

All conditions and warranties rights and remedies implied by law or arising in contract or tort whether due to the negligence of SHERWOOD Chemicals or otherwise are hereby expressly excluded so far as the same may legally be done provided however that any rights of the Buyer pursuant to non excludable conditions or warranties of the Trade Practices Act 1974 or any relevant legislation of any State are expressly preserved but the liability of SHERWOOD Chemicals or any intermediate Seller pursuant thereto shall be limited if so permitted by the said legislation to the replacement of the goods sold or the supply of equivalent goods and all liability for indirect or consequential loss or damage of whatsoever nature is expressly excluded. This product must be used or applied strictly in accordance with the instructions appearing hereon. This product is solely sold for use in Australia and must not be exported without the prior written consent of **SHERWOOD Chemicals**

DelForce Residual Insecticide – February 2009

DelForce ® is a registered trademark of **Sherwood Chemicals Public Company limited**

250mL, 500mL packs – inside fold out leaflet

DIRECTIONS FOR USE:

RESTRAINT: DO NOT apply spray treatment outdoors if rain is imminent.

SITUATION	PEST	STATE	RATE	CRITICAL COMMENTS
Domestic, commercial, industrial and public buildings	Cockroaches, fleas, spiders, ants, silverfish	All States and ACT	Initial treatment 150mL	On non porous surfaces dilute with 5L of water and apply as a coarse spray at a rate of 5L per 100m ² not exceeding the point of run off. On porous surfaces or use through power equipment, dilute with 10L of water and apply per 100m ² of surface, not exceeding the point of run-off.
	Carpet beetles and clothes moths Bird mites, Bed bugs	NSW, Qld, SA, WA, Tas, ACT, NT only	Maintenance treatments 75mL	
	Mosquitoes	Qld, SA, WA, Tas, NT only	75mL	
	Houseflies	NSW, ACT, Qld, SA, WA, Tas, NT only		
Widflowers for export	Quarantine pests	WA only	250mL per 100L water	Flowers must be totally submerged in the diluted product for not less than 1 minute and then left to dry naturally for 2 hours.
For short term protection of freshly felled pine logs prior to debarking	Five-spined bark beetle (<i>Ips grandicollis</i>)	All States	100mL	Dilute with 10L of water and apply through a knapsack or power sprayer at the rate of 10L per 100m ² of surface area. NB – for best results apply promptly after felling or sawing operations.
For short term protection of freshly felled pine logs, poles, posts and sawn timber including <i>in situ</i> timbers	Beetle family Anobiidae, Beetle family Bostrychidae, Beetle family Lyctidae	Qld, NSW, Vic, Tas, NT, ACT only		

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

General Instructions

Shake container before use. Periodically agitate suspension during application to ensure thorough mixing.

For best results, form a premix of the required amount of product with an equal volume of water. Stir thoroughly. Add to spray tank and dilute with remaining amount of water. Agitate thoroughly.

Do not store diluted insecticide. Prepare a fresh solution as necessary.

Do not spray the moving parts of any machinery, electric motors or switch gear with the water based product.

Insecticide Resistance Warning GROUP 3A INSECTICIDE

For insecticide resistance management, DelForce Residual Insecticide is a Group 3A insecticide.

Some naturally-occurring insect biotypes resistant to DelForce Residual Insecticide and other Group 3A insecticides may exist through normal genetic variability in any insect population.

The resistant individuals can eventually dominate the insect population if DelForce Residual Insecticide or other Group 3A Insecticides are used repeatedly. The effectiveness of DelForce Residual Insecticide on resistant individuals could be significantly reduced.

Since the occurrence of resistant individuals is difficult to detect prior to use, Sherwood Chemicals accepts no liability for any losses that may result from the failure of DelForce Residual Insecticide to control resistant insects.

DelForce Residual Insecticide may be subject to specific resistance management strategies. For further information contact your local supplier, Sherwood Chemicals representative or local agricultural department agronomist.

Precautions

AVOID CONTACT WITH FOOD, FOOD UTENSILS, OR PLACES WHERE FOOD IS PREPARED OR STORED.

BEFORE USE – REMOVE OR COVER ALL EXPOSED FOODSTUFFS. COVER ALL DISHES AND UTENSILS, AND PLACES WHERE FOOD IS PREPARED OR STORED.

AFTER USE – THOROUGHLY VENTILATE TREATED AREA. CLEAN UP THOROUGHLY BEFORE PROCESSING/SERVING RESUMES.

AVOID CONTACT WITH FOOD, FOOD UTENSILS, OR PLACES WHERE FOOD IS PREPARED OR STORED.

BEFORE USE – REMOVE OR COVER ALL EXPOSED FOODSTUFFS. COVER ALL DISHES AND UTENSILS, AND PLACES WHERE FOOD IS PREPARED OR STORED.

AFTER USE – THOROUGHLY VENTILATE TREATED AREA. CLEAN UP THOROUGHLY BEFORE PROCESSING/SERVING RESUMES.

PROTECTION OF WILDLIFE, FISH CRUSTACEANS AND ENVIRONMENT

Dangerous to fish. DO NOT contaminate streams, rivers or waterways with the product or used container.

STORAGE AND DISPOSAL

Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Do not contaminate seed, feed or foodstuff.

Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS
